## STORIES FROM THE FIELD

**Spring has Sprung  
with an Easter  
Celebration of life.**

Kuwala celebrated an exceptional Easter Sunday! The students and staff were lead by a meaningful sermon from the Pastor, refreshments and an opportunity to gather in small groups.

There was a special singing presentation from the girls, and everyone enjoyed a fresh-baked bun and a soft drink! These special events are a rare opportunity for the students.

## Malawi in the news

An article in the Malawi News Nyasa Times (March 24, 2021) features a school in Malawi that converted a classroom block on the campus to a hostel to keep the girls motivated and concentrate on their school work. Many female students have long distances to travel to get to school, and many decide to leave and get married before finishing secondary school.

It is even more valuable as the girls on campus protect themselves from the ongoing Pandemic crisis by limiting contact in their bubble.

## Having the girls living on campus provides the following benefits:

- more opportunity to learn;
- keeps them safe;
- allows them to focus on their studies: thus
- reaching their full potential.

# FROM SCIENCE TO POETRY. EDUCATION IS THE GREAT CHANGER.

The staff and students are excited about the new science lab equipment. The girls also expand their English language and writing skills through writing poetry, stories and singing songs.

# ST. PETER'S

## DINING + ASSEMBLY HALL

**COMMERCIAL**  
**KITCHEN 200+**  
**SEATING CAPACITY**  
**STEEL ROOF CROSS**  
**VENTILATION**

A secure and rugged metal roof is now on the St. Peter's Dining Assembly Hall, and the tradespeople are making great progress to finish one of the most impressive buildings on campus! Students will soon be eating and meeting in this majestic structure!

*Super structure is complete*

*About half the windows are installed*

**Grace** “Kuwala Christian Girls School is a choice I would make, as there is enough security, suitable accommodation and students are taught good morals, with a quality education.

## Getting to know the staff.

**Meet Grace Kharis Chazeza**  
English, Chichewa, and Life Skills teacher.

**In her words,** I grew up in my home village, did my primary school at Guilleme Girls Boarding School, High School at Atsikana Pa Ulendo Secondary School and my Bachelor of Education at Nkhoma University. I am so happy to work at Kuwala because I love serving my fellow girls, and being a girl who grew up in a rural area, I understand the challenges that girls from this class face. I like encouraging students to work very hard despite the challenges they are facing. The students are growing and becoming agents of change both spiritually and

academically. They are hard-working, ready to learn and have a bright future for their communities and families.

I supervise and look after the students in the Hostel, especially during evening studies. I teach sports, debate and writers club, and I am the Library teacher. In my community, I volunteer my time teaching little ones how to read and write. I also enjoy reading, writing short stories and dancing.

*Evelyn, Kuwala student\_2021*

## Getting to know the student.

### Meet Evelyn, a Kuwala Student

**In her words,** Hello, I have a brother and two sisters. I want to go to secondary school because I want to add knowledge, and secondary school is a gate to college; I want to attend college. I am happy to be selected to participate at Kuwala, as are my parents. I am the first girl in my family to go to a secondary school; they are very proud of me and think my future will be bright. Kuwala meets my wishes and goals. My favourite activities are computer skills, science projects, planting trees and learning Math and English.

At Kuwala, we celebrate with Christmas dinner every year, which makes us unite and celebrate in one accord as a school. In my future, I see myself opening an orphanage, helping orphans and helping my family. I enjoy reading novels, playing soccer and storytelling because each story helps me improve my vocabulary. I also attend Church services because I learn to love and respect others.

# PARTING SHOT MID-TERM EXAMS

**Success is no accident.** The Kuwala students work hard to learn by putting in the hours to study for exams. Every student understands education is the key to their future success.
