

SERVICE TRIP TECHNOLOGY DONOR PACKAGES

PACKAGES TO SHINE A LIGHT

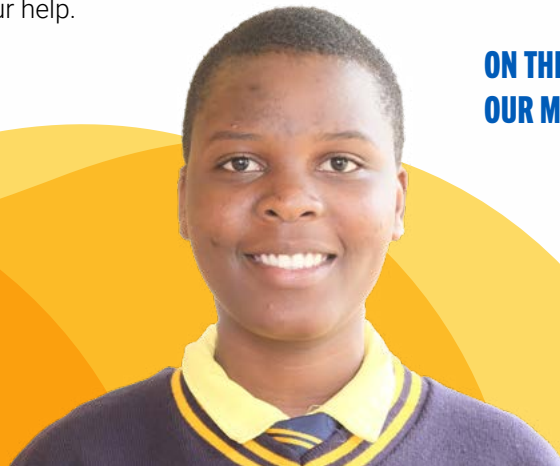

In the heart of Malawi, the **Kuwala Christian Girls School** stands as a beacon of hope and empowerment for young women eager to shape their futures. On June 2nd - 11th, a dedicated team of 20 Canadians are embarking on a transformative service trip to elevate these bright minds with the essential tools they deserve. But we cannot do this alone—we need your help.

We are reaching out to compassionate individuals and organizations to fund five critical technology packages: Tools, Communications, Computers, Presentation Equipment, and Bee Equipment. Each package is designed not just to educate, but to revolutionize the way these students learn, communicate, and thrive in a rapidly advancing world.

**ON THE 2-JUNE-24 WE WILL BE HAND DELIVERING AND TRAINING
OUR MALAWIAN PARTNERS ON THIS EQUIPMENT.**
